Our Story:

The Giant Eland is the biggest antelope in the world. It has the endurance to maintain a trot indefinitely and can jump as high as 1.5 meters from a standstill. Now that is quiet amazing.

A Knight is an example of what strength, honor, loyalty, integrity, justice, generosity and courage looked like in medieval times. Knights were fearless protectors and were a safety assurance to those they serve.

Eland Knight is committed to improving everyday life by providing resources and commodities that are needed to make the world around us a better place. The Eland Knight symbol is a constant reminder of what we stand for. The “Eland Head” represents our indefinite endurance as we move towards achieving our commitments. The “Shield” represents our values in all that we do, which are liken to those of a Knight:

- Strength
- Honor
- Loyalty
- Integrity
